

# Lead Professional Certification - ORIGINAL APPLICATION -

The Michigan Lead Abatement Act of 1998 requires certification of individuals engaged in lead-based paint activities in the state of Michigan. Certification requires the individual to meet minimum education and/or experience qualifications, successfully complete an accredited training course, and pass a third-party certification examination. Upon successful completion of the exam, a State of Michigan lead certification card will be issued to you. An individual is eligible to take the certification exam no more than three times within six months after receiving a course completion certificate.

Certification is valid for three years, with an annual maintenance fee. Prior to the end of each three year period, a certification in good standing may be renewed by successful completion of an appropriate refresher course and successful completion of a third party exam.

Please type or print in ink. Illegible applications will delay processing.

## 1. Individual

Full name: \_\_\_\_\_

Home address: \_\_\_\_\_

City, State: \_\_\_\_\_

Soc. Sec. No.: \_\_\_\_\_

Home phone: \_\_\_\_\_

Cell phone: \_\_\_\_\_
